

Interactive TV

INTERACTING WITH YOUR TV

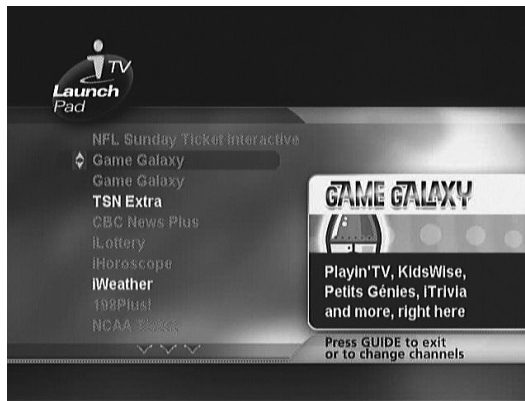

Use the information in this chapter learn about interactive services available on your satellite receiver.

- **INTERACTIVE TV**

User Guide

INTERACTIVE TV

Press ITV on the remote control to go to *Interactive TV* features available with your service. You can order channels, check the news and weather, and even play games. Make sure you connect an active phone line to your receiver. You can enjoy this feature on one TV at a time.

TIPS

- Whenever you want to exit an interactive feature and return to watching programming, press VIEW LIVE TV and you'll be taken to the last channel you were watching.
